#### 1. Summary of Significant Accounting Policies

#### A. Accounting Practices

The financial statements of Paramount Care of Michigan (the "Company") are presented on a basis of accounting practices prescribed by the Michigan Department of Consumer and Industry Services, Office of Financial and Insurance Services.

The Michigan Department of Consumer and Industry Services, Office of Financial and Insurance Services recognizes only statutory accounting practices prescribed by the State of Michigan for determining and reporting the financial condition and results of operations of an insurance company, for determining its solvency under the Michigan Insurance Law. The National Association of Insurance Commissioners' (NAIC) Accounting Practices and Procedures Manual, (NAIC SAP) has been adopted as a component of prescribed practices by the State of Michigan.

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

## C. Accounting Policies

Health premiums are earned ratably over the terms of the related insurance and reinsurance contracts. Expenses incurred in connections with acquiring new insurance business, including acquisition costs such as sales commissions, are charged to operations as incurred.

In addition, the company uses the following accounting policies:

- 1. Short-term investments are stated at amortized cost.

- 4. The Company has no preferred stock investments.

Such liabilities are necessarily based on assumptions and estimates and while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liability is continually reviewed and any adjustments are reflected in the period determined.
- 12. The Company's capitalization policy is those qualifying expenses over \$1,000.
